

INSTALLING WITH SPRING IS EASY-PEASY

Let Spring Water Solutions take care of your NeoTap installation for you. Our team is highly trained and will make the process easy. Our standard installation excludes cutting of fixtures and major plumbing modifications but stone cutting service is available on request. Our technicians can also help with ongoing maintenance of your machine. Simply fill in an online booking form, or email us at info@springnz.co.nz

Introducing

SPRING 5 WAY NEOTAP

Elevate Your Water Experience.

springnz.co.nz/product/5-way-spring-neotap-lc/

Experience the future of convenience and luxury with NeoTap - your all-in-one solution for instant boiling, chilled, and sparkling water with built-in mixer. NeoTap is here to redefine how you interact with your home's drinking water.

SPRINGNZ.CO.NZ

UNMATCHED CONVENIENCE, UNBEATABLE QUALITY

NeoTap combines cutting-edge technology with stunning aesthetics, delivering the finest-quality water at your fingertips. No more waiting for the kettle to boil, chilling bottles in the fridge, or relying on store-bought sparkling water. NeoTap transforms your daily kitchen routine into a seamless and enjoyable experience.

WHY NEOTAP?

Space-Saving Design:

NeoTap's compact and sleek design allows it to fit effortlessly into any kitchen, making the most of your available space.

Eco-Friendly:

Reduce your carbon footprint by eliminating the need for bottled water and minimise energy waste with NeoTap's energy-efficient operation.

Smart and User-Friendly:

NeoTap's intuitive twist controls and user-friendly interface make it easy for anyone in the family to use, promoting healthy hydration habits whilst ensuring your children's safety with a safety lock feature for boiling water.

Exceptional Quality:

Built to last, NeoTap is constructed with high-quality materials to ensure durability and performance. Whether is boiling, chilled, sparkling or room temperature water, every sip is filtered to the highest standard, with our Premium KDF/GAC Filter

KEY FEATURES:

Built in Mixer

Setting the 5 Way apart from our Neotap range is the inclusion of the built-in mixer tap. Drinking water on the left and standard mixer on the right providing an all in one solution right in your kitchen sink!

Boiling in an Instant:

With NeoTap, boiling water has never been quicker or more effortless. Whether making your morning coffee or blanching vegetables, NeoTap delivers boiling water at the touch of a button.

Chilled:

Satisfy your thirst with ice-cold water. A refreshing glass of chilled water is now just moments away.

Sparkling:

Indulge in the effervescence of sparkling water. Preparing cocktails? NeoTap offers the versatility to match your cravings.

TRANSFORM YOUR KITCHEN WITH NEOTAP

Upgrade your kitchen with NeoTap and experience the ultimate convenience of instant, high-quality filtered, boiling, chilled, and sparkling water. Whether you're a culinary enthusiast, a health-conscious individual, or someone who values aesthetics and luxury, NeoTap

has something for everyone. Join the NeoTap revolution today and redefine your kitchen experience. Discover the elegance, efficiency, and innovation that NeoTap brings into your home – because the future of drinking water is here!
